

March 5, 2009

Dear Child Care Providers, Advocates, Parents:

It is URGENT that you CALL your LEGISLATOR today about this very important child care matter.

Parents of 3,000 Alabama children in state-subsidized child care centers/family homes/group homes will soon become ineligible for the assistance if proposed Department of Human Resources rule changes go into effect next month. For these low-income working families, affordable child care is a critical requirement for holding down a job. Child care advocates estimate that the proposed cuts would jeopardize parent employment for 1,875 Alabama families.

The general office number for the Alabama Senate is 334.242.7800

The general office number for the Alabama House of Representatives is 334.242.7600

Don't delay, please call your representative today.
